You can then adjust them, play around with them, delete them, or even save them to share with your friends. I'm so excited for it to come out, I couldn't find anything negative to say about it. It looks incredible. Peacock Studio Features: • 5.5" (140 mm) DPI Retina Display (2480x1560) • Using the Surface pen • Launch mode: side by side • Draw features: plus-minus, outline, or simply fill the shape • Select features: fill or outline • Rotation: up to 90 degrees • And there's so many others. Read more about Peacock Studio here. The app is fully-featured. You can share the images with your friends on Facebook, Twitter, Google+, Pinterest, and other social networks. You can export your creations to PNG, JPG, and PDF. Fancy a quick break from writing? Check out the Peacock Studio YouTube channel, where I and some of my friends from the Peacock team are posting mini tutorials and tips on how to use Peacock Studio.
