Answer: In most cases, we will be able to transfer the license to another system without losing the key. To work on the "single key" principle, you must send me a registration form containing information about the reinstalled system, contact information (numbers and phone numbers), as well as information about the license. After filling out the application within 1 day, the key will be transferred from one accounting system to another and sent to you by e-mail. If the transfer is completed correctly, the key from the old account will be automatically changed to the new one. If you want to get advice on a particular issue or order a key transfer, you should call me at +7 (495) 974-05-40. Question: When I reinstalled the system, I lost my antivirus license.
